

How do I search my products?

Within your Aero admin console, your main product screen allows easy searching of all products.

The screenshot shows the 'Products' page in the Aero admin console. A red box highlights the search and filter controls at the top of the product list. The controls include a search input field, a 'Search' button, a 'Sort by...' dropdown, a 'More Filters' button, and a '+ New Product' button.

Search filters

Search filters are shown below your search criteria. These allow you to search products by product markers.

You can choose whether specific markers will be included in the displayed filters. This is done within the specific product markers page, e.g. within a particular tag or category.
