

What is the attributes list?

Your attributes list shows your current attribute groups. You can view the individual attributes within a group by clicking on the attribute group name, or the arrow icon.

The screenshot displays the 'Attributes' management page. On the left is a sidebar with various navigation icons. The main content area has a header with the title 'Attributes' and a '+ New Attribute' button. Below the header is a search bar with the placeholder 'Search...' and a 'Search' button. To the right of the search bar is a 'Sort by...' dropdown menu. The main content area contains a table with three rows of attribute groups:

☐	NAME	
☐	Color	➔
☐	Material	➔

Below the table, there is a 'Show Per Page' dropdown menu set to '24' and a status message '2 attribute groups found'.
