

What is the blocks list?

Your blocks list shows all of your current blocks and includes the label and key of each block. This allows you to quickly check key details and quickly drill into your blocks for further information.

The screenshot displays a web application interface for managing blocks. On the left is a vertical sidebar with icons for various functions. The main content area is titled 'Blocks' and features a '+ New Block' button in the top right corner. Below the title is a search bar with the placeholder text 'Search...' and a 'Search' button. The blocks are listed in a table with two columns: 'NAME' and 'KEY'. The blocks are grouped into three categories: 'Global', 'Homepage', and 'Navigation'. Each block entry includes a checkbox, the block name, the key, and a right-pointing arrow icon.

☐	NAME	KEY	
Global			
☐	Page Banner	global.page-banner	➔
☐	Socials	global.socials	➔
Homepage			
☐	homepage hero	homepage.hero	➔
Navigation			
☐	Footer Menu	navigation.footer	➔
☐	Main Menu	navigation.main	➔

At the bottom of the interface, there is a pagination bar showing 'Show Per Page' set to 24 and '5 blocks found'.
