What are the available documents for listings and search?

There are 2 documents available:

```
Aero\Search\Elastic\Documents\ListingsDocument
```

This document is used to hold information about the listings that are shown on the storefront.

```
Aero\Search\Elastic\Documents\ProductDocument
```

This document is used to hold information about the products within the store’s catalog. It is generally used in the backend admin, to allow for quick access when managing products.
