What are the available pipelines

Class	Description	Payload
CartItemBuilder	The process that occurs when adding an item to the cart. Extending this class allows for manipulation of the cart item before it is saved to the cart.	Aero\Cart\CartItem $item
ContentForHead	The HTML content that will be inserted into the tag of the page.	String $content
ContentForBody	The HTML content that will be inserted just before the closing tag of the page.	String $content
RobotsTxt	The robots.txt file. For more information, click here.	Illuminate\Support\Collection $content
