What are the default pages in the account area?

The following classes are in the **Aero\AccountArea\Http\Responses**namespace.

Class	Route	Description
AccountLoginPage	login	A page where users can log in.
AccountRegisterPage	register	A page where guests can register.
AccountPasswordForgotPage	password.forgot	A page where users can send a password reset email to their email.
AccountPasswordResetPage	password.reset	A page where users can reset their password.
AccountOrdersPage	account.orders	A page that lists all of a user's orders and lets them filter/search.
AccountOrderViewPage	account.view-order	A page that shows more information about an order.
AccountAddressesPage	account.addresses	A page that lists all of the users addresses.
AccountAddressNewPage	account.new-address	A page where users can create a new address,
AccountAddressEditPage	account.edit-address	A page where users can edit one of their addresses.
AccountDetailsPage	account.details	A page where users can update their account details and change their password.
AccountInvoicePage	account.view-invoice	A simple invoice for an order - currently not linked to from anywhere.
AccountOverviewPage	account	The first page a user sees after they log in - currently redirects to the orders page.
